

Mersolat L[®] (TP OC 5015)

Synthetic Raw Material for the Production of high-value Leather Auxiliary Products)

Product description

Product	Secondary alkane sulfonate with a higher n-paraffin content based on n-paraffin (average C index 15)
Form supplied	White-yellow liquid which, at room temperature, is clear and has a medium viscosity
Active substance	approx. 60% (sulfonate: approx. 47%; paraffin: approx. 13%)
Invoicing base	100 %

Product specification

Appearance	conforms with product description
Active substance (difference method)	57,0 – 62,0 %
Sodium chloride content	1,0 – 1,5 %
Water content	37,0 – 42,0 %

Specification values are subject to constant monitoring.

Characteristic data

Density (20°C)	approx. 1,02 g / ml
Cloud point	approx. 10°C

Characteristic data provide further information about the product and are not subject to constant monitoring. They are therefore not binding.

Application

Used in the chemical industry, for example as fattening emulsifier in the manufacture of high-quality **leather fatliquoring agents**.

Mersolat L can also be used in the manufacture of **textile auxiliaries, car shampoos, and alkaline and acid industrial detergents**. To obtain clear concentrates, Mersolat L should be combined with other anionic or non-ionic surfactants.

Standard packing

Road tanker

Plastic drum, contents 120 kg

Plastic container, contents approx. 1.000 kg

Storage

If correctly stored and kept in the original sealed package, the shelf life is 1 year. The product becomes opaque at temperatures below 10°C and clear again when it is heated to 20°C.

Shipping, toxicity and hazards

The product is labelled as irritant. The safety data sheet No. 013599 should be observed. This contains further information on labelling, transport and storage as well as information on handling, product safety and ecology.

Note

This information and our technical advice - whether verbal, in writing or by way of trials - are given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application, use and processing of our products and the products manufactured by you on the basis of our technical advice are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with our General Conditions of Sale and Delivery.

Edition: 2008-01-24

The above formulation is intended solely as a guide for our business partners and others interested in our products. As the conditions of use and application of the suggested formulation are beyond our control, it is imperative that it be tested to determine, to your satisfaction, whether it is suitable for your intended use(s) and application(s). This application-specific analysis at least must include testing to determine suitability from a technical, as well as health, safety and environmental standpoints. Further, although the ingredients, quantities thereof and properties of compounds or finished goods mentioned herein reflect our recommendation at the time of publication, this guide may not be subject to continuous review and/or updating, and you agree that use is undertaken at your sole risk. All information is given without warranty or guarantee, and it is expressly understood and agreed that you assume, and hereby expressly release us from, all liability, in tort, contract or otherwise, incurred in connection with the use of this guide.

This information and our technical advice - whether verbal, in writing or by the way of trials - are given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application, use and processing of our products manufactured by you on the basis of our technical advice are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with the current version of our General Conditions of Sale and Delivery.
