

**Subject: European Directive 2000/53/EC (ELV) and amendments**

We confirm that our thermoplastic resins of product lines:

**Durethan and Pocan**

Are in compliance with the European Directive 2000/53/EC (End-of-Life Vehicles Regulation) and Council Decisions 2005/673/EC and 2008/689/EC, changing Annex II of Directive 2000/53/EC and its amendments up to September 2012.

Compounds of cadmium, lead, mercury and hexavalent chromium have not intentionally been introduced to the manufacturing process of these plastics.

“Intentionally introduced” shall mean “deliberately utilized in the formulation of a material or component where its continued presence is desired in the final product to provide a specific characteristic, appearance, or quality.”

Therefore, our above mentioned products are not known to contain any of these heavy metals with the exception of technically unavoidable traces.

The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations are beyond our control. Therefore, it is imperative that you test our products, technical assistance and information to determine to your own satisfaction whether they are suitable for your intended uses and applications. This application-specific analysis must at least include testing to determine suitability from a technical as well as health, safety, and environmental standpoint. Such testing has not necessarily been done by us. Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale. All information and technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with patents covering any material or its use. No license is implied or in fact granted under the claims of any patent.
