

LANXESS Deutschland GmbH / D-50569 Cologne, Germany

To whom it may concern

Absence of Gold, Tantalum, Tin, Tungsten and their compounds - Conflict Minerals

Dear Madam or Sir,

We hereby confirm, that above mentioned metals or their compounds have not intentionally been added to the final production step of our thermoplastic resins

Durethan[®] and Pocan[®]

and according to our best state of knowledge they are not known to be present except technically unavoidable ubiquitous traces.

Some dedicated Durethan grades with the color number 200496 and Durethan BKV 130 100913 contain a pigment with tin. We have a statement from the pigment supplier that the raw material for the concerning product is not sourced from the conflict region.

More information may be found here:
